Medical
Society

The Illinois Medical Group Management Association (ILMGMA) and Illinois State Medical Society (ISMS) would like to extend to you a special invitation to join us for the **Illinois Electronic Health Record Summit**.

This meeting will take place:
Thursday, November 12, 2009 from 7:30am - 5:00pm
DoubleTree Chicago - Oak Brook
1909 Spring Road,
Oak Brook, IL 60523

Our objective for this event is to introduce attendees to various EHR systems in a way that allows them to compare and differentiate functionality that would best benefit their respective practices. Designed to be a learning environment, this day will provide an educational experience for even those that have not yet started looking for a system as we focus on the transition from paper to electronic health records from a small-to-large size practice prospective. Knowledgeable keynote speakers from the Coker Group and Emedapps will be presenting information about the Federal Stimulus Package, and Planning for successful EHR adoption/contracting. We will also have six different EHR system group demonstrations that will include:

[Company overview](#)

[Workflow and benefits to your practice](#)

[Overview of specialty-specific templates offered](#)

[Documentation and workflow of a patient as they "walk" through your practice](#)

The Exhibit Hall will be open all day! EHR systems in attendance will be in the Exhibit Hall to answer specific questions or go more in depth with a one-on-one demonstration. Our Exhibit Hall will also showcase additional products and services designed to help streamline your practice.

EARN A DISCOUNT ON SELECT PRODUCTS AND SERVICES BY ATTENDING THE MEETING!

Each attendee will receive a "Certificate of Attendance" at the conclusion of the meeting. This "Certificate of Attendance" can be redeemed for a discount with select exhibitors, if you should choose to purchase their products/services before March 31, 2010.

Meeting Agenda:

7:30am - 8:30am	Attendee Registration/Continental Breakfast/Exhibit Hall Opens
7:30am - 5:00pm	Exhibit Hall Open

3:00pm - 3:10pm	Closing Remarks
3:10pm - 5:00pm	Exhibit Hall Open - One on One Demos

Meeting Presentation Synopsis'

The HIGHTECH Act: Accessing Stimulus Funds for your Organization

Debra McGrath, MSN, CRNP, Senior Vice President - Coker Group

The American Recovery and Reinvestment Act of 2009, aka "the Stimulus Bill," signed into Law in February 2009 included \$19.2 Billion, which is intended to be used to increase the use of EHR by physicians and hospitals. This portion of the bill is called the HITECH ACT. The intended use of the \$19 Billion will be for incentive payments, grants, and loans. This session delivers information you need to get ready for big changes in healthcare, and specifically, how the adoption of Electronic Health Records (EHR) can transform healthcare while earning your practice dollars. This will bring you up to speed on where to begin with EHR adoption and how to start thinking about the process to ensure that you make the best purchasing and adoption preparations. If you are already working with EHR, this session gives you the latest information on how to access funds.

"EHR Contracting/Implementation Checklist"

Speaker - Emedapps

More Information on this presentation to come soon!

Meeting Information

Meeting Facility
